

LOCAL BREVITIES.

There's a land that's better than this,
Though 'tis hard to believe it to-day.
Where we all may stammer and stammer,
In the genuine old-fashioned way.

HENRY JAMES and James Krage, two vagrants, made their escape from the Work-house Thursday.

The railroad men on the L. & C. & L. Road were given a most enjoyable picnic yesterday at Hunt's Grove.

JOHN CUMIS, carriage manufacturer, yesterday made an assignment to F. P. Campbell for the benefit of his creditors.

JOHN KING, Jr., Receiver of the M. & C. Road, has issued a circular thanking the men for their good behavior during the strike.

The shoe store of Thomas Conway, corner of Third and Main streets, was broken into yesterday and six pair of boots were stolen.

T. C. CAMPBELL, Esq., has been appointed assignee of the Curtis Carriage Manufacturing Company. Assets, \$90,000; liabilities, \$30,000.

MR. GUSTAVE KEISER desires it to be understood that he did not assault Mrs. Carrie Hippo on his premises, as stated in the papers day before yesterday.

The South Covington & Cincinnati Street Railroad Company was incorporated yesterday morning; capital stock, \$10,000, in shares of \$100 each, by A. D. Bullock and others.

FRANK PEGASKY, of Eden, Williams County, O., a passenger on the Golden City, bound for New Orleans, was victimized out of \$55 yesterday by means of the old "spiel mark" trick.

JOHN LOGAN, charged with inciting a riot at the O. & M. Depot during the late strike, was fined \$200 and sentenced to thirty days in the Work-house by Judge Wilson this morning. The Judge took pity on the man and let him go on giving bonds to keep the peace for one year.

JOHN SCHNEIDER's flouring mill on Clay street, in the rear of his bakery and residence, Nos. 525 and 528 Walnut street, was found to be on fire yesterday evening. The flames originated on the third floor, but how, is a mystery. The loss will amount to at least \$5,000; fully insured in the Fidelity and American.

MR. WM. LAEBEL, of 123 Wade street, was the recipient of a letter last Wednesday evening at the hands of the Western Quadrille Band, composed of the following accomplished young musicians: Messrs. Baum, D. Miller, Kraig, Dell, Euyart, C. Miller, Smith, Sauer, Centner, and Sauer.

WHILE returning from a meeting of the Soldiers' and Sailors' Monument Association, last night, Prosecuting Attorney John P. Murphy, of the Police Court, lost his pocket-book, containing \$10. A saloon-keeper, whose place of business is at the southeast corner of Fifth and Elm streets, found it, and this morning returned it to Mr. Murphy.

MANNING & ROBINSON, the well-known electro-plate manufacturers, on account of the continued increase in their business have been compelled to seek more commodious quarters, and are now located at No. 101 West Fifth street. They are excellent business men, turn out the best of work, and are very courteous gentlemen. Those are the reasons, then, in spite of the hard times, their business grows.

Mr. Albro's Mill All Right.

The statement that Mr. E. D. Albro's veneering establishment was burned or in any way damaged by the fire yesterday is erroneous. Albro's mills are situated on Sixth street, between Carr and Freeman, and of course were not touched by the fire.

Down a Precipice.

Last night about 8 o'clock a horse, who keeps a saloon at Nos. 539 and 541 Vine street, left the Highland House with his wife and son George. They were in a carriage, and in descending a grade on the old Observatory Road, near Eden Park, one of the breeding-strap broke. The vehicle struck the noise, causing the animal to run away. The carriage was toppled down the steep embankment, and rolled to the bottom, thirty feet below.

Mrs. Foster was cut in the left side of her face and chest, and had her left shoulder dislocated. Her husband was bruised but not dangerously hurt. The boy George had his skull fractured, and he was bruised internally. His injuries are fatal. The three persons were taken to Sister Anthony's Hospital.

Board of Councilmen.

The Board met in regular session yesterday afternoon.

A communication was received from the Mayor calling attention to the fact that he was subdividing the wards into precincts of three hundred voters, under the provisions of a law passed by the last Legislature, and asking members to come forward and give him what assistance they could.

Mr. Frisgard moved that when the subdivisions were made the City Clerk be instructed to advertise the boundaries of the different precincts in all the papers of Cincinnati. Carried.

The Lewis-street wharf, First Ward, was leased for one year to John Strobel. The resolution granting the Cincinnati & Walnut Hills Street Passenger Railroad company permission to use steam carriages on Gilbert avenue came up for discussion, and was made the special order for next meeting.

The New California Stove Foundry.

The "Enterprise Stove Foundry," located in California, Ohio, went into operation August 1. The incorporators and shareholders are John Sullivan, James Turner, Rinehart Crist, Alex. Porter, Joseph Thompson and Thos. Conners, all of whom were employees in the Miami Stove works for many years.

The blowing of the steam whistle was the signal for a general rush to the new foundry buildings.

The machinery was put in motion, which run right on without a jar. The first work done by this new company was for S. L. Yount, the proprietor of the "Miami Stove Works," a substantial mark of friendship, as well as evidence of his confidence in the new firm. Although the new company is an ordinary joint stock company, it is practically based upon the co-operative principle, as all the shareholders will be operatives in the concern.

In thus reaping the full and entire benefit of their own labors they feel that they will have no difficulty in disposing of their castings for a share less than other companies, and thus furnish themselves constant and remunerative employment.

We hope this new enterprise may

prove a success, and from the character of the men who are to manage the concern we predict for it a successful and honorable career.

SUMMER RECREATIONS.

BELLEVUE HOUSE.

The Cincinnati Orchestra Reed Band, Michael Brand conductor, is the attraction at the Bellevue. This magnificent organization performs here every evening during the week except Monday and Tuesday. Two grand concerts to-morrow, Sunday, August 5, afternoon and evening. No charge for admission. The Elm-street cars take you direct to the Bellevue.

LOOKOUT HOUSE.

The German Military Band, Carl Beyer director, accompanied by the world-renowned drummer, Herr Weitenbach, will give a grand concert at the Lookout House this (Saturday) evening, August 4. A splendid programme has been selected for the occasion. Admission free. Take the car corner of Fifth and Main direct to Lookout.

THE BEST CHANCE YET.

The steamer Champion No. 9, Captain James F. Williams, will leave the foot of Walnut street to-morrow (Sunday) morning at 9 o'clock for Augusta, Ky., touching at all way landings. The entire management of this excursion is in the hands of gentlemen who have had experience in this line, and who understand fully what is indispensable for the comfort and pleasure of an excursion party. Round-trip tickets only 50 cents.

HE CUT THE HOSE.

Dunigan Receives the Full Extent of the Law.

Matthew Dunigan, a young man, was arraigned in the Police Court this morning on a charge of cutting the hose of the Fire Department on the night of July 23, at the O. & M. Railroad bridge fire. Dunigan pleaded guilty to the charge, and on being questioned by Judge Wilson why he cut the hose, replied:

"Cause I was drunk; I don't know whether I did cut it, but I did make a swing at it with an ax." A witness testified that Dunigan was seen cutting the hose. Dunigan threw himself on the mercy of the Court, and was sentenced to a fine of \$500 and costs and thirty days' imprisonment in the Work-house. He was also put under \$500 bonds to keep the peace, and to stand committed until his bond was given.

Judge Wilson, in putting himself right before the public, as Dunigan had thrown himself upon his mercy, was of the opinion that he, if he would take mercy on him, would be doing an injustice to the community. Therefore he had given him the full extent of the law.

Police Court Fines.

The following fines and costs were collected in the Police Court by the Clerk, Mr. John R. Bender, during the month of July:

State cases \$350 75
City cases 740 00
Total \$1,090 75

Edwards Rises to a Denial.

To the Editor of the Star:
On arriving at Cincinnati to-day, I learn from my friends that rumors are afloat that I killed a man while in West Virginia, and was sentenced to be hanged in three months. Am glad to inform my friends that it is a mistake, or rather will be. Any of my friends wishing to see me can do so by calling at 217 East Fifth street, where I make my home.
T. E. EDWARDS.

A GOOD RECORD.

In looking over my scraps on poultry, cut out of various papers, I found the following, where an experiment was tried in 1872 by a writer in the Field and Factory, the details of which are interesting, and every one can make his own deductions from the facts and figures given: Ten pullets of five breeds, each within a week of being six months old, were placed in yards forty feet square, with comfortable houses. For the next six months an account was kept of their food and the eggs produced, with the following result: The Dork Brahmae ate 269 1/2 quarts of corn, oats and wheat screenings; laid 695 eggs, and weighed 70 pounds; feed cost \$5 77; eggs sold for \$10.85; profit, \$4.81. The Buff Cochins ate 4 1/2 quarts; laid 591 eggs, and weighed 73 pounds; feed cost \$6.34; eggs sold for \$9.35; profit, \$3.51. The Gray Dorkings ate 309 quarts; laid 424 eggs, and weighed 59 1/2 pounds; feed cost \$4.87; eggs brought \$7.75; profit \$3.88. The Newhams ate 214 quarts; laid 783 eggs, and weighed 5 1/2 pounds; feed cost \$3.25; eggs sold for \$13.95; profit, \$9.70. The Leghorns ate 23 1/2 quarts; laid 597 eggs, and weighed 30 1/2 pounds; feed cost \$3.62; eggs brought \$12.35; profit, \$9.83 [C. O. Country Gentleman].

He told the editor that he had read proof for twenty years, and he obtained a situation. When he spelled "introduction" with a "d" and with a "k," the editor dipped him in the ink barrel, wrung him out between the rollers of the press, and hung him out in the alley to dry.

Mabley has rented the store No. 65 West Fifth street, adjoining the one he now occupies. They are selling their stock at a great sacrifice to make room for the carpenters to make the necessary alterations of throwing both stores into one.

Everlasting Perfumery.

Murray & Lannan's Everlasting Water has often been styled the "Everlasting Perfumery." It is indeed true that its delightful and refreshing fragrance lingers for many days around whatever it touches—unlike the ordinary perfume, that leave no trace of their momentary existence save the sickly, heavy odor of faded oils. Buyers should always ask for the Florida Water prepared by Lannan & Kemp, New York.

Not Remarkable.

Instances are frequently reported of the almost instantaneous effect, in entirely stopping it, of Pond's Extract for bleedings from cuts, bruises, and from the nose, lungs, etc., etc. Although this is not remarkable, yet it is not claimed that it will always act so powerfully on the instant as to stop the most serious hemorrhage at once, but it is claimed, and it is proved in the practice of physicians and others, that perseverance in its use will stop the most obstinate cases of bleeding from whatever cause.

HAPPY tidings for nervous sufferers, and those who have been doctored, drugged, and quacked. Pulvermacher's Electric Belts effectively cure premature debility, weakness, and decay. Book and Journal, with information worth thousands, mailed free. Address PULVERMACHER GALVANIC CO., Cincinnati, Ohio.
